Language Arts*Science

Social Studies

Monday, we started off with The Grouchy Ladybug and made ladybugs.

In the afternoon, we read an informational book about ladybugs. We discussed the difference between fiction and informational books.

Tuesday, we read The Very Busy Spider and made bugs to go in Mrs.

Brockhaus' huge spider web.

Wednesday, we made sparkly spider webs with paint and glitter. Thursday, we read A House for Hermit Crab and decorated hermit crabs using our handprints. Friday, we read I Need a Hug... a book about bugs and rhyming...and created fingerprint bugs.

Next Week

More Eric Carle Books...and 5 Green and Speckled Frogs

Last Day Special Activities

We will be having a Flag Day Parade and water games on the final day of summer school. See the back of this newsletter for details.

Math

We worked a little with patterning this week as well as counting. We also learned a fun song about shapes. Ask your favorite "K" Kid to share it with you.

You're Invited!!!

Please plan to join us on Wednesday, June 16th at 2:30 pm. The "K" Kids have been working hard on projects, and we'd love to share them with you. We'd also love to share our classroom and introduce you to new friends. We'll be having Center Time and showing you our Daily News.

Homework

Our class has been doing a great job of 'learning the ropes' of kindergarten. We've been practicing cutting and writing our names. If your child isn't comfortable doing these things independently, please help him/her practice at home. We also go to the computer lab every other day. There are some great websites available through our class website to practice early reading and math skills. Please help your child become comfortable using a mouse to navigate the computer.

Sincerely,

Mrs. Brockhaus, Ms. Valentine and the "K"
Kids
